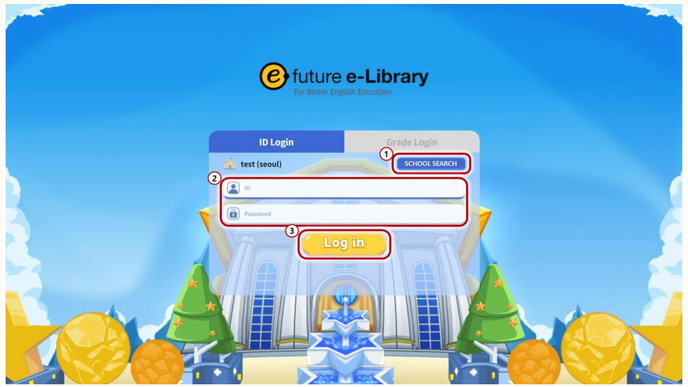
FIND	**LISTEN**	**OWN**	**WIN**
Discover the perfect book for you • AI-powered book curation • LMS integration • Smart recommendations	Immerse yourself in stories • Authentic audio playback • Natural reading UI • Word highlight & auto repeat	Read aloud and make it yours • Voice imitation practice • Interactive AI dialogues • Expressive reading	Enjoy achievements and decorate your library • Reading badges • Level-up missions • Avatar & Library customization

Entering the Library

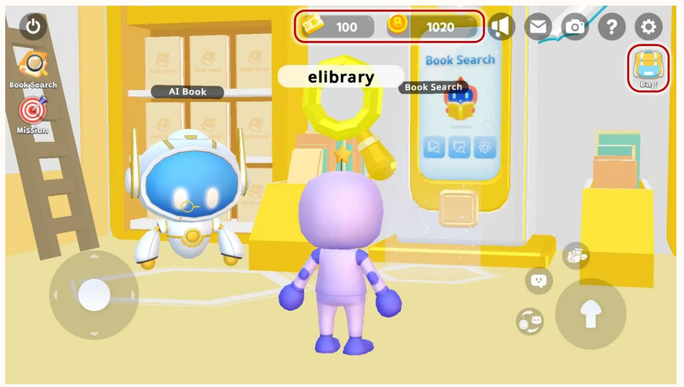


[Log In]

- **School Search** : Search for your school
- Enter your ID and password, then tap LOG IN

[Daily Attendance Rewards]

- Receive an attendance reward as soon as you log in
- The more days you **log in consecutively**, the **greater the rewards**
  ▶ Consistent daily access builds habits—and habits build English skills!

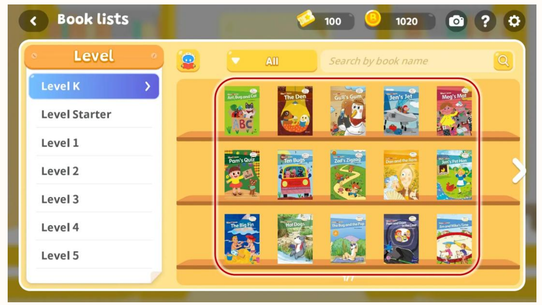


[Main Screen]

- Check your **Book Coins, Arcade Tickets, Attendance Rewards** on the main screen
- Use the Bag icon to instantly access all learning content
- Explore the library by controlling your avatar with a joystick or keyboard

Find
Discover the perfect book for you
Book Search

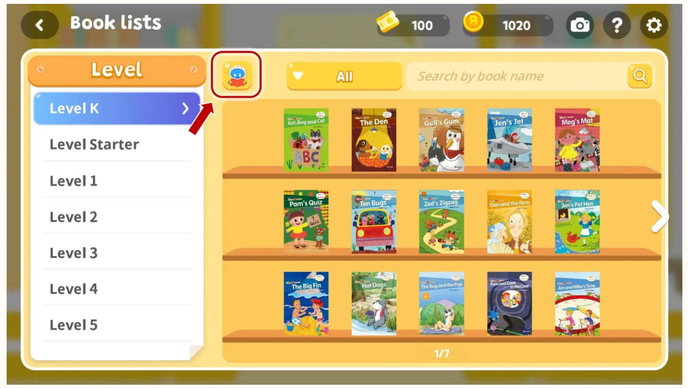
- **Book Search icon or Book Search object in the top-left corner** : Enter the book search area and view a wide selection of English books



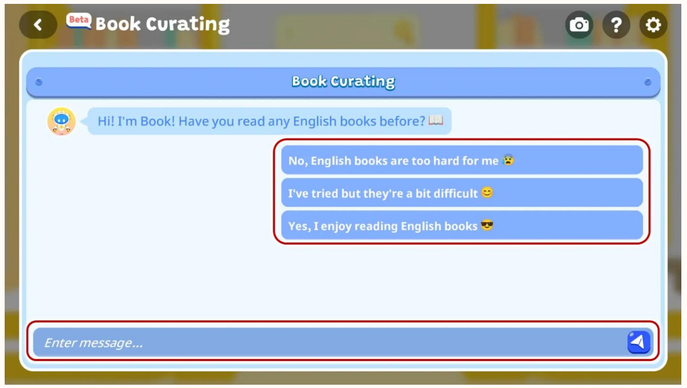
- **Enter a book title** in the search bar and click the magnifying glass icon
- Books will appear even when only part of the title is entered
- For example, typing "hood" will show Little Red Riding Hood

- **View Book List** : See books organized by level
- Select a book to view detailed information and move directly to Reading Mode

Find
Discover the perfect book for you
Book Curating



- **NPC icon** at the top of the screen：Receive personalized book recommendations from the AI
- You can also use the Book Curating button on the AI Book object in the library



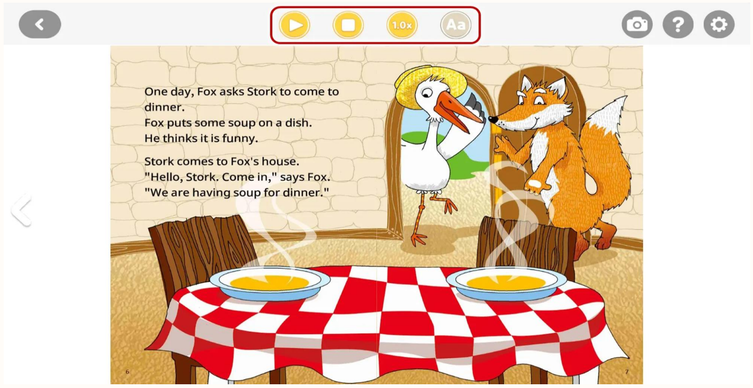
- The AI asks questions and analyzes your preferences through conversation to recommend suitable books

Listen

Listen and repeat, and let English sink in naturally

Read Mode

- Select a book to open the Book Information page
- Read Mode : Step deeper into the story



- **Tap play button or click on a sentence** to hear native-speaker audio
  ▶ Listen sentence by sentence to naturally pick up pronunciation and intonation
- Move to the next page after listening to all sentences on the current page
- **Speed control button** : Choose the learning speed that suits you best
- **Vocabulary button** : Vlew key words

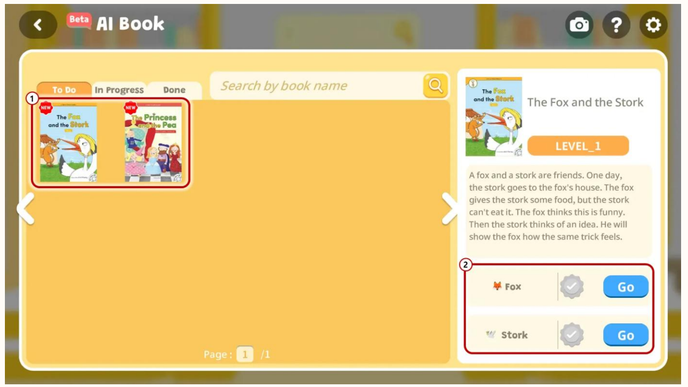
▶ Complete the book to earn Arcade Tickets, with bigger rewards waiting at higher levels

Own

Make it your own through conversations with AI

AI Book Conversation

- **AI Book** : Open the list of books available for conversation



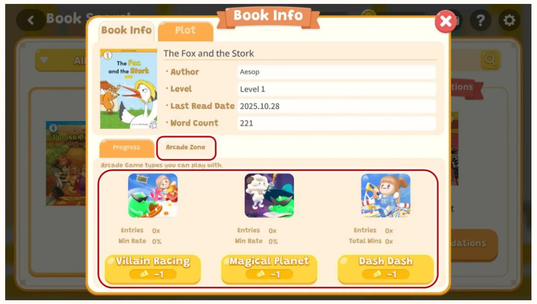
- **Choose a book and a character** you like, then tap the Go button

- Interact by typing your own responses or selecting from given options, just like a character in the story
  ▶ AI Book understands your expressions and responds naturally, helping you experience the story more deeply

Win

Growth That Leads to Achievement

Arcade



- After finishing a book, review what you've learned through fun, game-based activities in the Arcade Zone

- You can enter the Arcade from the Book Information page or by clicking the Arcade Zone object in the library

- Select the level of the book (You can only access the Arcade for levels in which you have completed at least one book)
- **Villain Racing(Quiz)** : Review the story by answering comprehension questions
- **Magical Planet(Speaking)** : Build speaking confidence by saying English sentences aloud
- **Dash Dash(Word)** : Running game where you dodge obstacles while matching key vocabulary
- The more books you read, the more varied questions appear and the more Book Coins you can earn

Win

Growth That Leads to Achievement

Ranking Zone

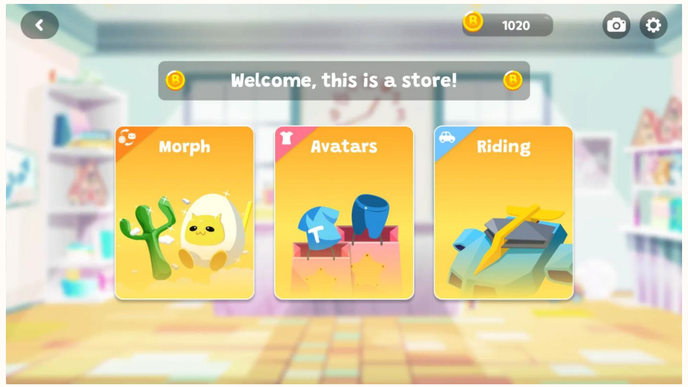
- The number of books you complete and your consistent learning progress shine as rankings in the Ranking Zone
- Click the Ranking Zone object in the library to view **Class / School / National** rankings at a glance
- If you place in the **Top 3**, your character appears on the Ranking Zone stage
- Rankings are updated every Monday at midnight, with special rewards given based on national rankings

Win

Growth That Leads to Achievement

Avatar Shop

- If you want to reward yourself for reading and learning, enter the shop through your bag or the shop object in the library



- The shop consists of Outfits, Rides, and the Transformation Shop

- Select an item you like and click the Buy button to complete your purchase
- Items cannot be purchased if you do not have enough Book Coins
- Purchased items can be worn immediately from the Wardrobe in your bag
- As you collect items, your avatar gradually becomes your own unique style

Win

Growth That Leads to Achievement

Library Interior

- It's time to upgrade your very own library
- Click the Interior menu on the shop object inside the library
- Place furniture and decorations to change the atmosphere of your library
- Once all interior items are completed, you can expand your library to the next stage
- The library can be expanded up to three times

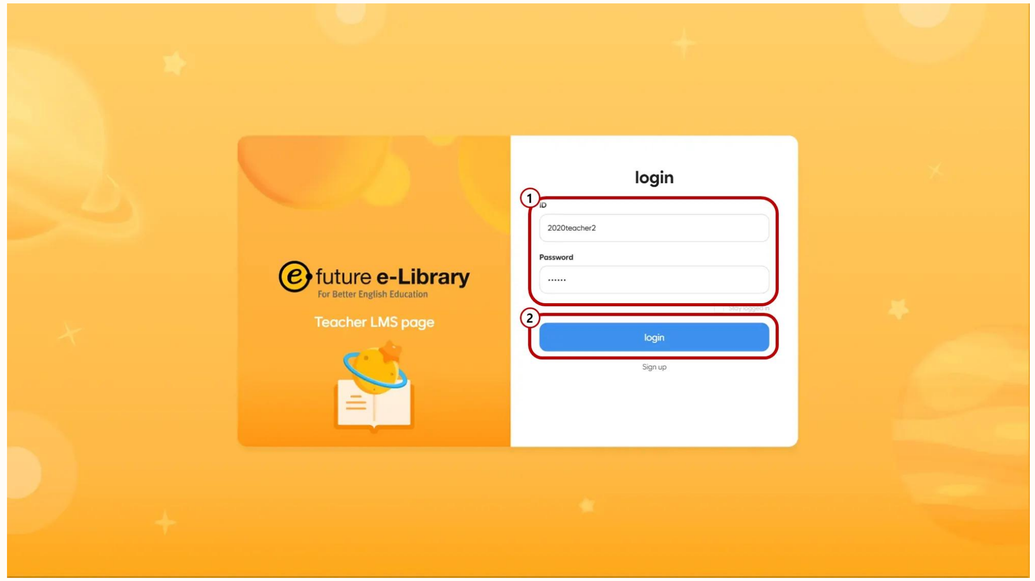
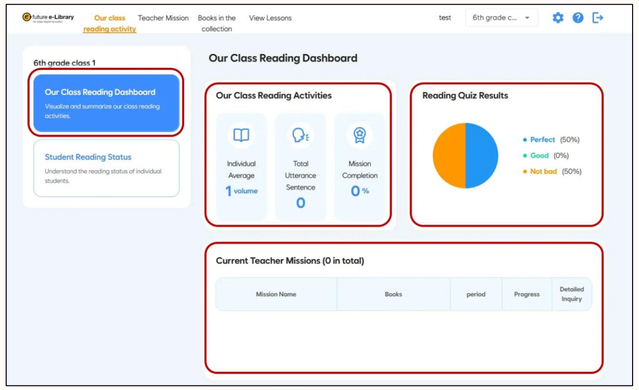
LMS

LMS



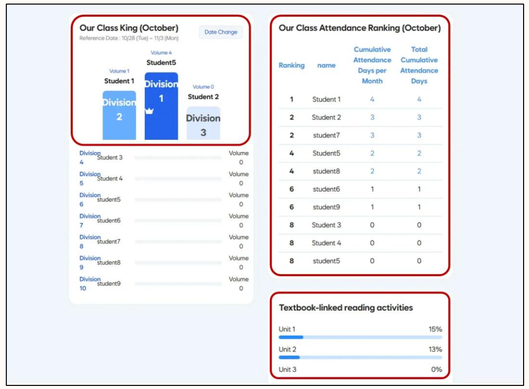
“ Easy and Convenient Student Management ”

Class Dashboard



- Once you log in to the LMS, you can view your class's overall reading progress

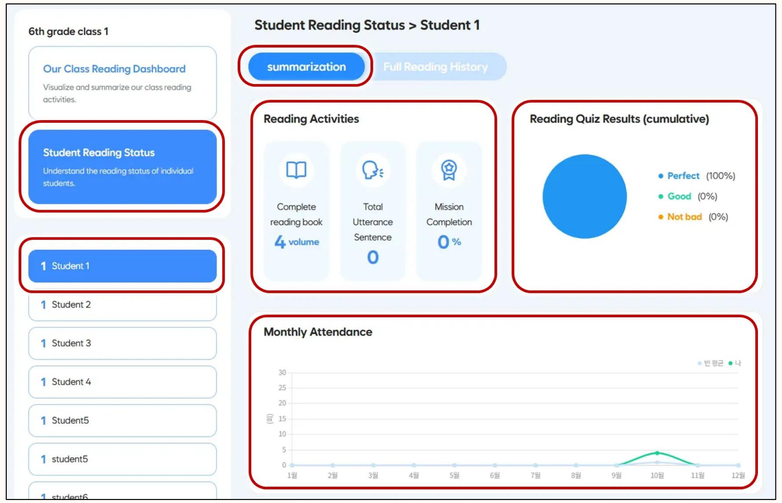
- **Our Class Reading Activities** : Check the average number of completed books, total spoken sentences, and teacher mission progress rate
- **Current Teacher Missions** : Manage each mission in detail
- **Reading Quiz Results** : you can view the class's overall quiz performance through clear, intuitive charts



- **Our Class King** : Students' monthly reading volume is displayed as a ranking.
  ▶ The more consistently students read, the higher they rank, motivating the whole class. You can easily change the date range to view results based on your preferred criteria

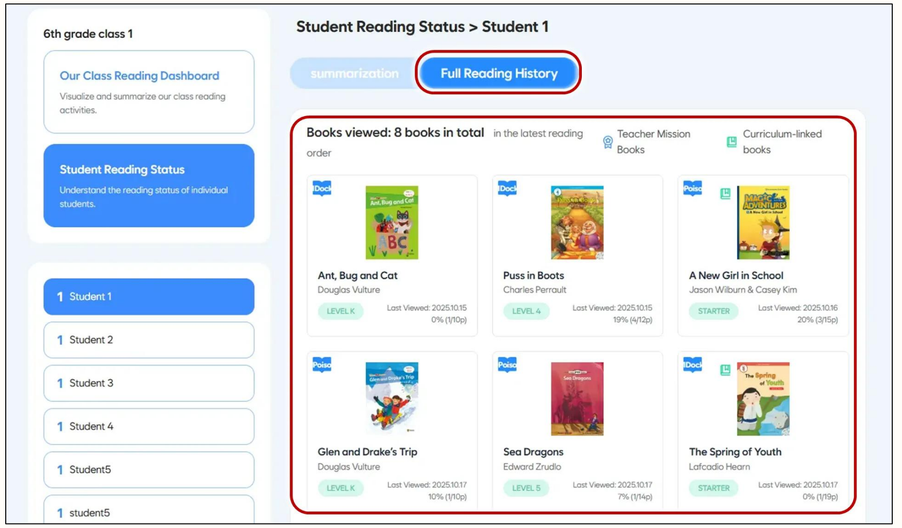
- **Our Class Attendance Ranking** : You can see how often students have visited the library. Both total cumulative attendance days and monthly attendance days are displayed to help you assess participation.

Student Reading Status (Summary)



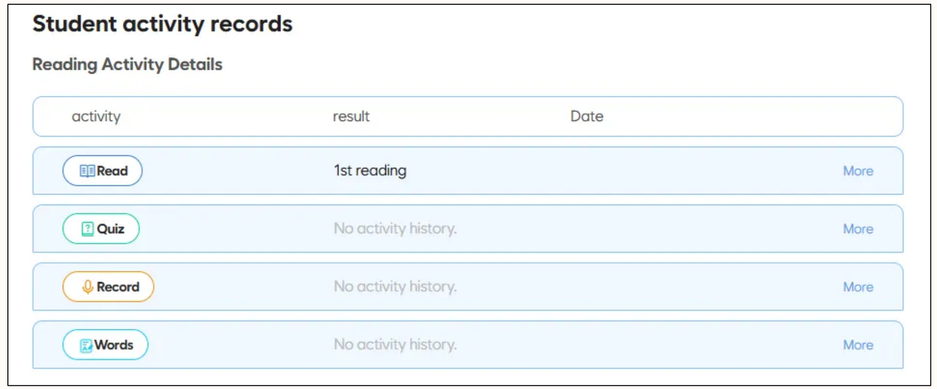
- Student Reading Status allows you to check reading progress for each individual student
- **Click Student** : View reading activity, speaking records, and mission participation visually
- **Reading Acitivies** : Check completed books, total utterance sentences, mission completion
- **Reading Quiz Results** : All quiz results and accuracy are shown in graphs
- **Monthly Attendance Status** : Compare each student's attendance count with the class average to understand consistency and engagement

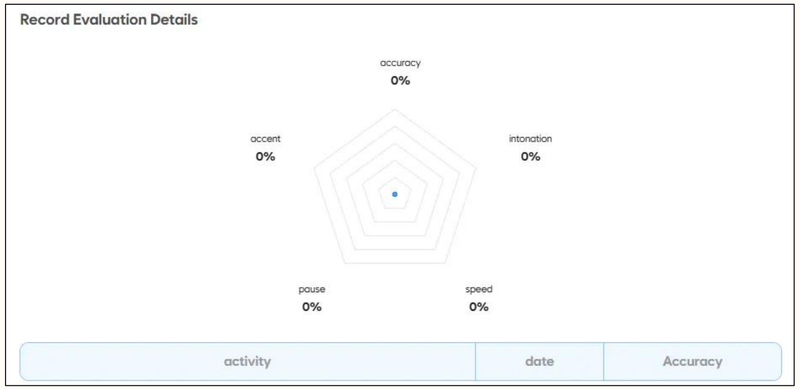
Student Reading Status (Full Reading History)



- View a complete list of all books read by the student in the **Full Reading History section**.
  ▶ The list is sorted by most recently viewed and shows each book's completion count and progress rate.
- Select a book to immediately access detailed learning records and activity history.

Student Reading Status (Full Reading History)

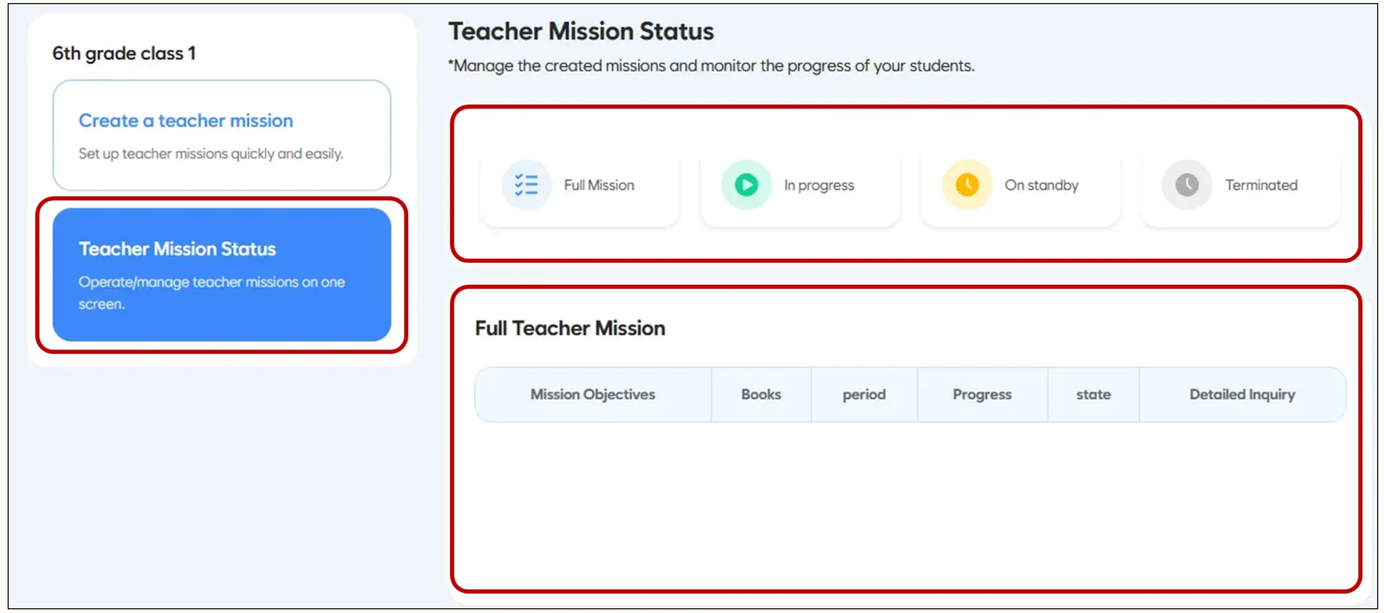




- **Student Activity Records** : You can review each student's detailed reading activity
  - ▶ The number of times a book was completed and post-reading quiz results are clearly summarized.

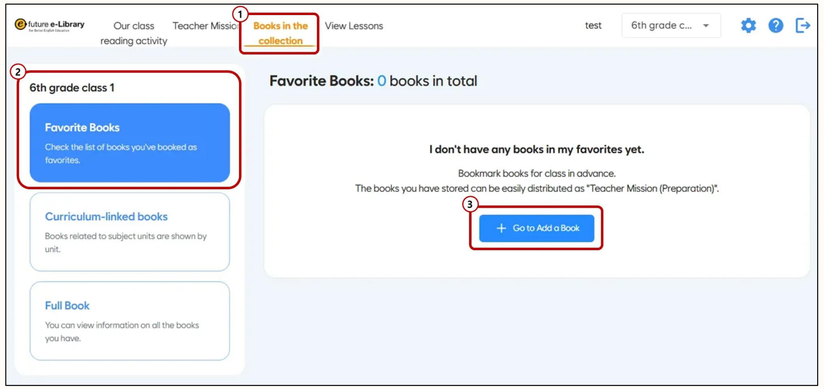
- **Record Evaluation Details** : Spoken sentence data is analyzed in depth.
  - ▶ Performance is visualized with graphs based on accuracy, accent, pause, speed, and intonation
  - ▶ Sentence-level accuracy analysis allows you to clearly identify areas for improvement

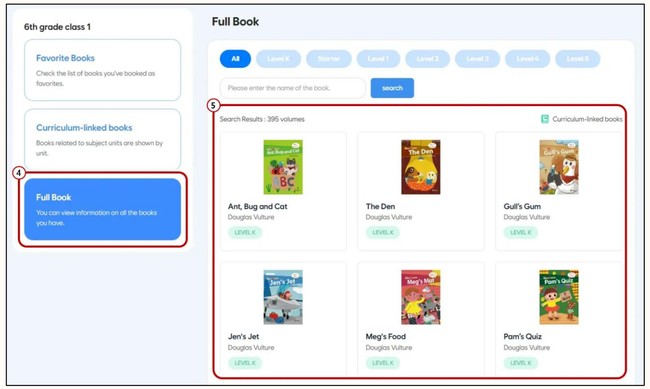
Teacher Mission

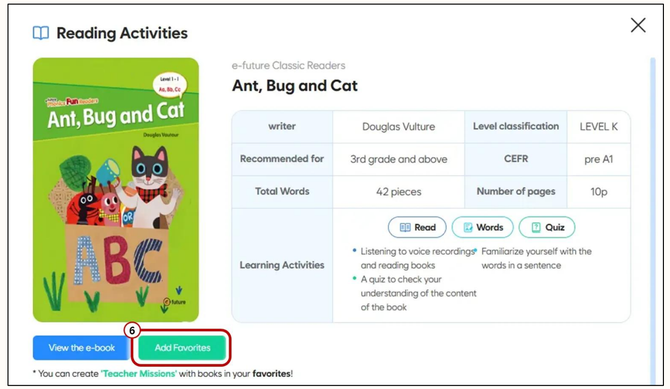


- **Teacher Mission Status** : You can operate and manage all created missions

Books in the collection







- **Favorite Books**: Register books for Teacher Missions
  ▶ Books added to Favorites can be viewed immediately in the list shown on this screen

- **Full Book** : Browse all available books in the library. Books can be viewed as a full list or organized by level, and selecting a book opens its detailed information page
  ▶ When you find a book you like, click the **"Add Favorites"** button to save it
  ▶ Saved books can be easily accessed later from the **"Favorite Books"** tab

Thank You!
